Hamilton 'Jog' Still Remains 'Up In Air'

Should Hamilton Ave. "jog" and, if so, over what distance?

This bothersome question which has faced the Planning Commission for several months was still left unanswered after the regular meeting of the City Planners last Thursday night.

It will come up again at the next meeting on February 16 and they hope to have the answer then. But no one is betting on it.

The City Planners, however, were more definite in other matters on the agenda at their meeting:

Kucich Turned Down

They flatly turned down the application of Ivan Kucich to build two sheet metal warehouses on his property on the west side of the San Jose-Los Gatos Road between Campbell and Hamilton.

They classified nursing homes as R-3, based on the request of Anthony Madonia to establish a nursing home in what is now a M-1-S zone (He applied for a use permit for the home).

They approved the plans for a General Petroleum service station at San Tomas Aquino Road and Campbell.

They set hearing dates for two zone changes for March 1 and another for March 15.

In their final action of the evening they approved a use permit for the Campbell Water Company for its storage yard now in a R-1 zone.

Hamilton "Jog"

The problem of the "jog" on Hamilton which has bothered the planners for some time was continued until the Commission's next meeting (February 16) when Commissioners Hollis Logue and J. A. Tomlinson will attempt to "unconfuse" the situation.

Originally Elmer D'Angelo, of the city engineer's office, had presented a proposed plan for widening Hamilton Ave. allowing for a curve of 15-feet in a distance of 250 feet. By this "jog" the engineers revealed, the city would save approximately $50,000, for property only on one side of the street would have to be purchased.

A number of property owners in the area affected, led by Joseph Gomes, protested this "discrimination", claiming that the road should be straight and the same amount taken from both sides of the street.

At the meeting Thursday, a report from Mayor Richard Morton, as traffic engineer, reported that the minimum acceptable safety standard by the state highway department for any curve is 15-feet in 450- feet.

The Commission must now either accept or reject the original plan (250-feet) and then reopen hearings for a new plan for "jogging" in the longer distance (450-feet). The city engineer's office has the new plan in readiness.

The Commission can also turn down any "jog" and demand a straight road. However, based on previous votes, indications are that board will go for the money-saving aspect.

"Down-Graded"

In turning down the warehouse plans for Kucich, the commissioners maintained that he had deliberately "down-graded" the plans from the previous meeting when they called for stucco buildings.

The applicant also was reticent about the proposed use of the warehouses. Planning Consultant Barrett pointed out that the warehouses would be one of the most prominent landmarks in Campbell, viewed by people passing through on the new freeway.

Commissioner Logue repeated that the plans were "atrocious". He said he had described them in that manner when they called for stucco construction, and they were more so now because of the sheet metal.

Kucich originally had been turned down on his application to build apartments on the property (He has appealed this rejection to the City Council). He claimed it was difficult to know what was wanted by City officials.

"I want to build warehouses, I can't," he told the Commission. "I want to build apartments, I can't. I cannot build nothing. What am I going to do with it. I don't know what is in your mind."

Unanimous Vote

The Commission voted unanimously to reject the plans for the warehouses. The motion for denial was made by Commissioner Harmon and seconded by Commissioner Tomlinson.

Most observers were agreed that Kucich will be back again with some other proposal.

His hearing before the City Council for the apartments (postponed once because he left the meeting before it was taken up) will come up again next Tuesday.

On The Line in Campbell

Mayor Richard Morton has appointed William C. Henley, Charles Bradley, Dr. W. R. Morgan and Rev. Corwin Olds to the citizen's advisory committee for the National Guard Commission in this area.

The recent card party sponsored by the Moorpark teachers was rated as a highly successful event. Reports indicate that much of the credit for its success can be attributed to the whole-hearted cooperation of the teachers and their husbands. Mrs. Howard Payne, a teacher at the school, for example, said that her husband entered into the spirit so well that he baked two cakes for the affair.

—o—

Campbell will have some of its streets swept on a trial basis, if negotiations between LeRoy Black street superintendent, and James S. Bailey of Budd Ave., are carried out to a successful conclusion Superintendent Black has been instructed by the City Council to accept the offer of Bailey for sweeping 15 blocks for $15 weekly for a 30-day period. Bailey owns his own sweeper.

—o—

Ray Bishop, Campbell's left-handed sign painter, usually attracts quite an audience when he puts a few flourishes on his handiwork. No exception was the "chubby dog" he added to the windows recently of the Home Market on Winchester Road. The Chubby Dog Food Co., made a special trip to the market to take pictures of the windows.

—o—

During the height of the storm several weeks ago, Mrs. H. Leigh Cross, 270 Leigh Ave., reports that about midnight a huge pine tree estimated at 100 years old, crashed into her house about midnight The big tree split in the middle with half falling over fences of her neighbors' homes and half coming through her library and one end of the bedroom where she was sleeping.

The house is the original Hugh Leigh home after which Leigh Ave., is named. Mrs. Cross is the daughter of the Leighs and her mother was a McBain, after whom McBain Ave. was named. The 15-room, three-storied house was built about 75 years ago and many valuable books are in the library. Some of the books refer to a Dr. Leigh who was attending physician for Napoleon.

City Clerk Dorothy Trevethan reports that Campbell business licenses became delinquent on February 1 and that a 5 per cent penalty per month is now being added to those who have not paid them. She adds, however, that the majority of those remaining unpaid are from out of town businesses that have or are doing business in Campbell.

—o—

Chief of Police Robert Locke and Officer Dick Means report that Mr. and Mrs. Lawrence Osterhoff, accused of burglarizing the Cheerio Market in Campbell December 29, have been held to answer in the superior court. They were arraigned last week.

—o—

The Chief also reveals that this weekend only three "502's" (drunken driving) were listed by Campbell police, compared to a record of six handled during the previous weekend.

San Jose Again!

Because San Jose city officials backed out of a tentative agreement with the City of Campbell for the joint installation of certain storm sewers in this area, the City of Campbell has been billed for $1000.

The itemized bill was presented to the local Council by the contractor who was forced to halt his work in the Los Ranchitos tract while the two cities were negotiating.

San Jose instigated the negotiations after the contractor had met the local regulations in regard to the size and specifications of the sewer pipe involved.

However, the joint deal (if it had gone through) would have meant that larger pipe would have been installed. After several months of mere talk, while the contractor was forced to "cool his heels", San Jose officials withdrew their original suggestion.

This "good neighbor policy" is quite expensive. For Campbell anyway.

Lumber Company Leases to PG&E

It was reported this week by Jim Arends and his brother Doc Arends of the Campbell Lumber Company, that they have subleased their old building on the railroad in Campbell to P. G. & E.

The warehouse, yard and office will be used by the utility firm for storage. A temporary office will also be set up by the company.

The Campbell Lumber Company occupied the building from 1943 until January 1, 1955, when the firm moved to its new location on Casey Road and Winchester.

Hill Makes Final Appeal for Dimes

Larry Hill, chairman of Campbell's phase of the March of Dimes, is issuing an urgent call for immediate response to the envelope appeal, stating "Our community and our county's polio patients must be cared for. This cannot be done without the complete support of all our citizens."

Hill also pointed out that a change in postal regulations made it impossible to cover 100 percent of the area's residences by mail this year, with the result that many people did not receive the March of Dimes mailing piece These people are asked to send in their contributions addressed to "March of Dimes, San Jose".

Campbell and Cambrian Park exceeded their quotas this year, with $6,458.49 collected in Campbell, and $3,035.82 in Cambrian Park.

Campbell was in fifth place in amount of collections, out of 17 major communities in Santa Clara County.

BOY SCOUTS HOLD COURT TONIGHT

Three Boy Scout troops in the Campbell area will hold their Court of Honor tonight at the Campbell Grammar School. The ceremony is slated to get under way at 7:30 p. m.

According to A. Duane Beaubien, advancement chairman for the Campbell district, the court tonight promises to be one of the best ever held here. Awards are reaching an all-time high, he reports.

Members of the three troops, 47 and 73 in Campbell and 36 in Cambrian are slated to receive awards with Troop 47 establishing a record with eight boys receiving Star Scout awards (the third highest rank). Harlan Herbert is scoutmaster of the troop assisted by S. B. Netherby and Arthur Downing III.

Troop 73 with Ed Atkins as scoutmaster and John Silva as assistant is also vieing for top honors in the per cent of awards.

Rev. Stanley Clapham of St. Luke's Episcopal Church in Los Gatos will give the invocation at the Court of Honor. Rev. Clapham was a Boy Scout in England under Baden-Powell, founder of Scouting.

The local Court of Honor is being held during Boy Scout Week (February 6 to 12) which marks the 46th anniversary of Boy Scouts of America. More than 4,100,000 Cub Scouts, Boy Scouts, Explorers and adult leaders throughout the nation are observing the week. Since 1910, Scouting has served more than 24,500,000 boys and adult leaders.

This year the new Four-Year Program "Onward for God and M. Country" is launched with the purpose to help prepare American boys to live in today's world and to prepare them to carry their full share in the years ahead.

Moreland Board To be Guests at Dinner Tuesday

Trustees of the Moreland School District will be the guests of the District Teachers' Association at a dinner to be held at 6:30 P. M. in the Moreland Cafetorium on Tuesday, February 14. Assemblyman Bruce Allen will be the speaker. As this evening is the regular meeting date for the board, the members decided to hold the meeting in the office of the superintendent at 9 p. m. at Moreland School rather than at El Quito Park at 8 p. m. as is usually done.

The second regular meeting of the month is held on the fourth Wednesday. But as this falls on Washington's birthday the meeting date will be moved ahead to February 21 at 8 p. m. at El Quito Park School.

On February 27 the board will hold a special session to consider the location of future school sites in the district. A study of this problem will be presented by members of the Santa Clara County Planning Commission. This meeting will be held at the El Quito Park School at 8 p. m.

All board meetings are open to the public.

Groups to Hear Center Manager

More than 200 men and women, members of four Santa Clara Valley educational groups, Pi Lambda Theta, Delta Kappa Gamma, Phi Delta Kappa and San Jose Schoolmen's Club, will join in an annual dinner meeting on Tuesday, February 14 at 6:30 p. m. in Cambrian Elementary School.

Guest speaker will be Albert C. Beeson of San Jose, general manager of Valley-Fair Regional Shopping Center,

C OF C OPENS OFFICE HERE

Although Sam Cava, newly appointed manager of the Campbell Chamber of Commerce, was called away this week because of personal business affairs, the Chamber of Commerce office at 19 S. First St. was in operation.

Mrs. Cleo Morser has been employed as office secretary for the Chamber of Commerce and will be at the office Monday through Friday from 1 to 5 p. m. Mrs. Morser is an experienced secretary and receptionist. She said the office has been receiving inquiries about Old Settlers' Day which will be held May 11-12-13 and that when Cava returns she expects the plans for the annual event to get into full stride.

It was also reported that Laurance Hill, superintendent of the Campbell Union High School District, will head the membership committee for the Chamber. Milton Nelson, president, announced that the directors expect to fill the vacancy on the board within the near future.

PERMITS TOTAL $78,160 HERE

Building permits issued by W. L. Morser, city building inspector, totaled $78,160.00. They included seven stores on Winchester and Garrison for $25,760. Garrison Construction Co. took out the permit.

A permit for a four-unit apartment on Kuehnis Drive and Rodway for $18,000 was also issued. J. Carava is the owners with Warren Unticht, the contractor.

This week the inspector issued permits for a four-pump steel service station at San Tomas Aquino Road and Campbell for $25,000 and a frame-stucco dwelling for Glen Geiger, on S. First St., for $9,400.

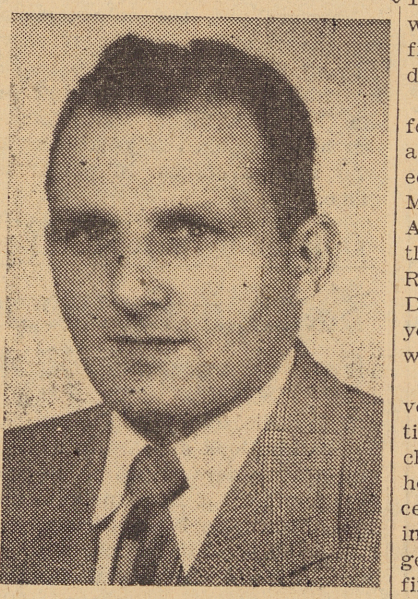
SIX INDICATE THEY MAY ENTER RACE FOR THREE COUNCIL POSTS

Only One Files Nomination Papers With Week to Go Before Deadline

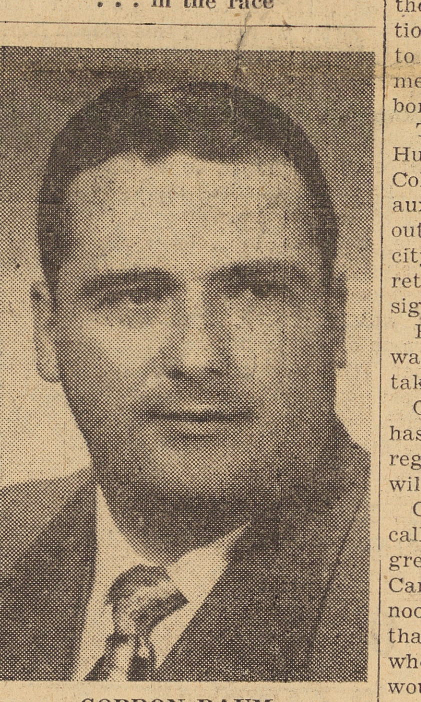
Although only one candidate had officially filed nomination papers for the City Council when the city clerk's office closed Wedday afternoon, five others, including incumbents, had taken out papers.

Filing for the April 10 election will end next Thursday, February 16, and indications are that there will be a last minute flurry of filing as the candidates get in under the wire.



JOHN CHARGIN
. . . will run

CHARLES ROSE
. . . in the race



GORDON DAUM
. . . undecided

Three councilmen will be elected for four-year terms. Two years ago all five councilmen were elected. The two highest vote-getters, Mayor Richard Morton and James Arends, drew the four year terms then with the other three, Charles Rose, John Chargin and Gordon Daum, holding office for two years. From now on the terms will all be four years.

Only five names of registered voters are needed on the nomination papers and Myron L. Fairchild, 49 Budd Ave., a resident here since 1952 and who has recently opened an insurance and investment office in Campbell, gets the distinction for being the first one to complete his nomination papers. He took the papers out Monday and returned them Tuesday.

The two incumbents taking out papers this week were John Chargin, an attorney, and Charles Rose, merchant. Gordon Daum, the other incumbent, has not revealed his intentions as yet.

Both Chargin and Rose indicated that the chief factor in the decision to make the race was that they would like to see the projects that have been started carried to a successful conclusion.

Both men have devoted a great deal of their time to the welfare of the new city since their election. Rose had first hesitated about running but was urged to make the race, he said, by a number of residents.

Chargin has set an enviable record of devotion to city business. He has yet to miss a single Council meeting during his two year tenure. He has also represented the City of Campbell in its relations with San Jose in an attempt to forestall some of the encroachment by this city's "good neighbor".

Two other local residents, Perry Hull, of Fewtrell Drive, and Jerry Collins, 769 McBain, both former auxiliary policemen, have taken out nomination papers from the city hall but at press time had not returned them with the necessary signatures.

Fred T. Burt, 329 Sunberry Dr., was the sixth person this week to take out papers.

City Clerk Dorothy Trevethan has also announced that voters registration for the city election will end February 16.

Councilman Daum, whose work calls for him to be out of town a great deal, will not return to Campbell until this Friday afternoon, his wife reported. She said that he was still undecided as to whether he would file but that he would probably make the decision this weekend.

Voters will only cast ballots for the three councilmen in the April 10 election. In addition to the two councilmen the city clerk and city treasurer, E. C. Merrill, will not face the voters for two more years. No other measures will be on the ballot this time.

Council Shifts

Because Lincoln's Birthday falls on Sunday, and the holiday is recognized on Monday Campbell's City Council will meet on Tuesday at 8 p. m. in the Fire Station.

The Council ordinarily meets in the Country Woman's Club but the Lions Club is scheduled to meet there that night.

It is expected that the building code ordinance may be adopted that night after the hearing takes place. The amended traffic ordinance which eliminates diagonal parking in front of the high school is also scheduled for adoption.

A report on the status of the negotiations for the purchase of the Congregational Church will be made by Joseph Bonacina, city attorney. The tentative time table calls for the new City Hall to be ready for occupancy in September.

Local Cooperative Handles 9036 Tns In 1955 Season

Campbell Cooperative Dryer received 9036 green tons of prunes for dehydration in 1955, H. J. Gerdts, manager of the local cooperative, told the 260 members and guests at the annual membership dinner meeting.

The meeting was held in the Campbell Grammar School cafetorium and the members also heard from Richard Azevedo, field representative, who reported that the state prune crop for 1955 will total approximately 130,344 dry tons. He also outlined the present situation relative to the existing prune acreage in Santa Clara County and the Campbell-Los Gatos districts.

Robert Brydon, chairman of the balloting committee, reported to the group that Joseph V. Gomes, Robert Scholz and B. W. Steindorf had been elected directors.

The dinner was served by Mrs. Florence Fuller and her staff of the school and William H. Cilker, president of the Campbell Cooperative Dryer, presided.

J. D. Cantoni, superintendent of production, California Prune and Apricot Growers Asociation, spoke on the various phases of dried fruit plants operation and outlined some of the responsibilities of his staff in conjunction with the Sunsweet plants throughout California.

G. K. Schrader, who is in charge of the Cooperative Dehydration Service Department, traced the growth of the dehydration phase of the dried fruit business and how the many mechanical labor-saving machines have increased production and decreased operating costs. He also showed a 10-minute movie on the construction of the new tilt-up type of dehydrator tunnels.

President Cilker also gave his annual report at the meeting and Manager Gerdts reported on the 1955 prune season's operation and reviewed the operating cost statement.

Among the invited guests were, Mr. and Mrs. J. D. Cantoni, Mr. and Mrs. G. K. Schrader, Mr. and Mrs. Wayne Mabie, and Mr. and Mrs. Albert Peter, of the Oak Grove Cooperative Dryer; Mr. and Mrs. Henry Gerdts of the East Side Cooperative Dryer; Mr. and Mrs. John Duzancia Sr, and Mr. and Mrs. John Duzancia, Jr. of the West Side Cooperative Dryer, Mr. and Mrs. Raymond Evora, Mr. and Mrs. Richard Azevedo and Mr. and Mrs. Klaude Block.

CAMBRIAN SETS SCHOOL BID

Cambrian District's proposed fourth school, the Martin H. Farnham School, will go to construction bid February 20, 1956, according to D. M. Bagby, district superiintendent. Albert Vatuone has been named principal of the school.

The D. M. Bagby School will open February 14. The mid-year move will take approximately 350 students from the Cambrian and Steindorf Schools and relieve the district of double session.

The Cambrian Home and School Club held its monthly meeting last Wednesday. The program was provided by the school orchestra, band, and glee club. Plans for a dance to benefit the Cambrian Youth Center were discussed and a committee to study parent-school relations was authorized.

Approximately $600 has been collected by Cambrian students in the March of Dimes drive.

Frank Triena to Direct San Jose String Quartet

Frank Triena, head of music department of Campbell Union High School and director of its a Cappella choir will direct the San Jose String Quartet concert to be presented on Tuesday, at 8:20 p. m. in the Montgomery Theatre in San Jose. Proceeds from this benefit performance, being sponsored by the San Jose Symphony Women's Auxiliary, will go toward underwriting the current San Jose Symphony season.

The Quartet, founded in 1948 by Director Frank Triena, will perform the Quartet in G Major, Opus 77, No. 1 by Haydn; Quartet in A Minor, Opus 51, No. 2 by Brahms, and Quintet for Piano and Strings by Walter Piston, with pianist Edith Eagen as assisting artist.

Triena is well known in the area as concertmaster of the San Jose Symphony, a post he has held for the past eleven years. He studied violin with Antonio di Grassi, Kathleen Parlow and Naoum Blinder. He has played with the Roth and Griller String Quartet and three seasons with the San Francisco Symphony under Pierre Monteux as well as under the batons of Stokowski, Stravinsky, and Bruno Walter. He has also played three seasons on the Standard Hour and served as concertmaster of Modesto symphony and conductor of Modesto Junior Symphony.

Illness Fatal to Campbell Youth

Eugene Jonathan Haggard, 15 year old Campbell Union High School sophomore, died last Saturday in a San Jose hospital after a five months illness. Death apparently resulted from a liver disorder.

Eugene was the son of Mr. and Mrs. Russell J. Haggard of 73 Casey Road, came to Campbell with his family 10 years ago. He was a member of Los Gatos Nazarene Church.

Surviving are the parents, three sisters and a brother, Jeannene, Glenna and Ambrose Haggard, all of Campbell, and Mrs. Thelma Kyser of Vallejo.

Funeral services were held from the Chapel of the Hills, Los Gatos, Tuesday at 10:30 a. m. Interment was at Los Gatos Cemetery.

TO ATTEND CONFERENCE

Garth Norton of the Campbell Union High School Faculty Club and Wallace Johnson, president, and Earl Morway, legislative chairman, of the Campbell Teachers Association will represent their local chapters at the Bay Section of the California Teachers Association meeting on Monday in San Francisco. State legislators, including Assemblyman Bruce Allen of Santa Clara County will be honored at the dinner.

BUCS MEET MOUNTAIN VIEW

Tomorrow night, Campbell High School varsity cagers meet their toughest opponent of the conference season, when it faces Mountain View in two home games, the first beginning at 7:15 P. M.

The Eagles rate as the best SCVAL team the league has seen since the Campbell five of 1954. The undefeated lightweight team is also full of sharpshooters.

The Eagles lost a nonconference tilt early in the season to Menlo-Atherton, the SPAL titan, and the Bucs took the MA's 39-32 in a recent victory, which allows for a glimmer of hope locally.

Vernon Lunt, the only veteran on the Campbell squad, is now playing the great defensive game he exhibited last season, and in Jim Williams, Coach Bert Robinson has developed a great center who now averages 16 points a game.

Mountain View recently outplayed a competent Santa Clara five, including the incomparable Bob Lister, on the Panthers own floor. They scored another 54 points last Friday whipping Los Gatos at home. The Eagles average 50 points a game with four starters averaging 12 points or more each.

Even their guards, the Escobar twins, Frank and John are offensive standouts. Eagle forward, Steve Flynn, is in the running for the SCVAL player of the year.

More than any team in the conference, the Eagles have all-over strength with good replacements Last Friday, two regulars, Dan Ortiz and Paul Cass developed a flu bug at the last moment and had to be replaced by Pratt and Murakami. They tallied 14 points each.

Mountain View students are also spirited, turning out two bus load strong for all away-from-home games, making the gym rafters ring with their claw cheers. Six cheerleaders, clad in knee socks, lead them at intervals in a "Hey Bob A Re Bob" chant that is a real crowd-pleaser.

The Bucs might pull the upset of the season tomorrow night, doing to the Eagles what Santa Clara did to them last February and the Bucs always play spirited ball at home.

Mountain View's Eaglets look like a shoo-in for the lightweight title, having limited their only threat, Los Gatos, to 32 points while garnering 38 against the Kittens last week. Other conference games tomorrow night find Washington's hapless five playing Santa Clara, and a resurgent Lick Comet meeting the Wildcat in his lair in Los Gatos.

Only Four Lettermen Lost

Baseball Prospects Appear Bright For Campbell High School Varsity

Campbell High School's varsity baseball outlook appears to be the brightest in several years. Aspirants for the 1956 Buc nine have already had some blackboard meetings and a week of outdoor limbering up exercises in preparation for another conference season, still over a month away.

Coach Mel Stein has four lettermen on his squad, the greatest fastball pitcher in SCVAL history, plus three outstanding frosh-soph players of last season. Stein lost four men from last season's conference championship team, three by graduation, and one, Phil Arman moved back to Arkansas.

Bob Sutton last year won all his conference starts, posting a 5-0 win record in the tough SCVAL. Returning in his senior year with a lot of good experience behind him, he should become the greatest moundsman the Bucs have produced since Johnny Oldham of the 1948-49 nines—who is this season going into spring training with the Cincinnati Reds.

Catcher Trouble

With the loss of Jim Corbus, Stein may have catcher trouble this year. Corbus, a shrewd backstop who threw out eleven opponents trying to steal second last season, will spend this season healing a broken wrist bone in a cast. Hector Cordova and Tom Perry both up from last year's frosh-sophs will try to fill his big shoes.

Shortstop Jerry Sutton, a great "back-up" player and third baseman Pete Castellanetz, famous for his clutch single in the 1955 "Meriwether finish" Washington victory which gave the Bucs the title, are returning infield lettermen. Both Sutton and Castellanetz hit over .350 in league play last season. Other infield prospects include Don Kitajima, up from last year's frosh-sophs presently helping the "B" basketball team as center, and fleet Dave Laberbera, a good second baseman. Coach Stein presently is looking for a good first baseman.

Only returning outfield letterman is centerfielder Matt Musladin, a dependable fielder and a long ball hitter. Joining him in the grass this year will be Bruce Viles, the fastest runner on the team and Ben Daniels, also up from the frosh-sophs.

Assistant Coach

Helping Stein coach this year's Varsity is Jack Richards, captain of the 1955 San Jose State varsity baseball team and an outstanding shortstop. Richards should help Campbell build a strong infield, while doing his practice teaching at Campbell.

The Bucs won 17 and lost only 5 in 1955 and has a good chance of repeating in the SCVAL where Lick also looks strong and Santa Clara has Bob Lister, a terrific outfielder as well as pitcher. The Bucs came from behind to win in five games in 1955 and should again be a full threat in every contest.

Wade Wilson, former SJSC publicity chief, will direct the 1956 Buc Frosh-Soph nine, members of which gained a lot of experience from last Summer's pony league play.

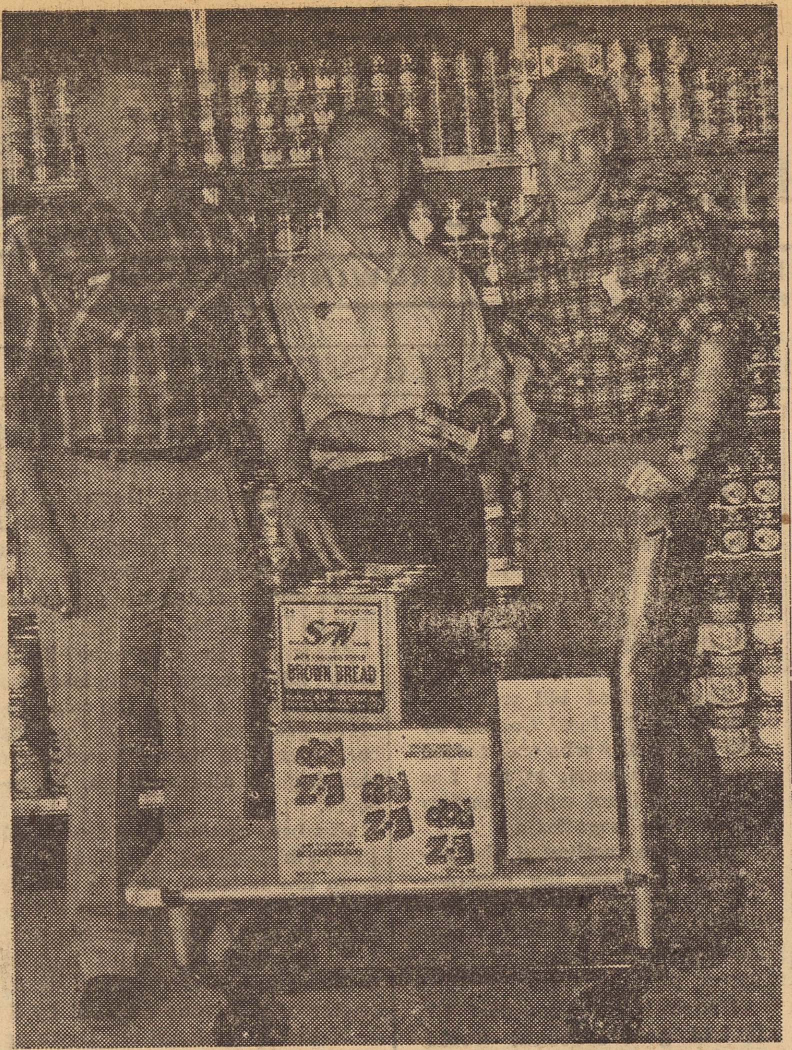
Camden Swimmers Begin Workouts

With the first meet scheduled for March 21 at Campbell High School against Campbell and Washington, '27 freshmen and sophomores this week signed up for the Camden High School swimming team.

Under Coach Sondeno, the boys will start conditioning this week and on February 27 when the Campbell pool opens practice sessions will be held every day.

The best prospect on the Camden squad is Steve Skold, three times National champion. Others expected to make good records include Tom Dodge, Bill Maxfield, Bob Barger, Jim Graham, all sophomores, and Gerald Nakashima, freshman.

In addition, those signing up for the squad include Tom Wheeler, Dick Thaxton, James Mayosky, Dennis Anderson, George Gray, Preston Hamilton, Charles Andrew, Bill Geisick, Tim Miller, Burton Anderson, Bill Erickson, Tom Watson and Jack Bamma, sophs, and Jay Williams, Bob LeRoy, Fred Brown, Robert Facchino, Gordon Duncan and Phil Bender, frosh.



GETTING READY TO OPEN . . . The three men pictured above with years of market experience behind them are equal partners in the huge Holiday Super Market which will soon open in the Holiday Shopping Center on the Santa Clara-Saratoga Road near the Moreland School just three miles from Campbell.

When the paving is completed for the parking lot (held up by the rainy weather) they will be in business. Pictured stocking the shelves in the spacious market are, left to right, George De Lap, Robert Smith and George McKenzie.

Three Equal Partners

EXPERIENCED MARKET MANAGERS WILL OPERATE 'HOLIDAY CENTER'

Recognized as specialists in the food market field, the three equal partners in the new Holiday Super Market in the Holiday Shopping Center on the Santa Clara-Saratoga Road, three miles from Campbell, have another specialty of which they are equally proud, customers' relations.

All three of them, George De Lap, George McKenzie and Robert Smith, have built enviable reputations in their former operations simply by "treating their customers right" and stressing friendliness and courtesy in all their dealings with the people who do the buying.

Safeway Experience

the Quito School.

"Let George Do It"

"Let George Do It" that common expression has a special significance for the operators of the new market, for two of the partners (DeLap and McKenzie) have George as their first names and each have a son named George. It's pretty safe that an answer will be forthcoming when one calls out "Hi George" in walking into the store.

The partners have a lot of fun with the "George theme". It has helped to build up their idea of making people feel at home when

All three of the men have had experience as Safeway store managers and also in the operation of their own independent establishments. Both DeLap and McKenzie managed Safeway stores in San Francisco for a number of years. In 1950 they went into business together in their own store, Thrift Way Market, on Union Street in the Marina district.

They are justifiably proud of their record in their own store, building it up from "practically nothing" to an outstanding success when they sold it in the latter part of 1955. Both men were grocery and produce specialists gained from their years with Safeway but they attribute their success in their own store to the fact that they continuously emphasized that they wanted their customers to be satisfied and pleased. Apparently the people were, if the growth of the store can be used as a criterion.

Smith, who will be in charge of the meat department at the new store, was also a Safeway meat manager for a number of years and for the last 16 years operated his own store in LaGrande, Oregon.

Will Live In Area

All three of the partners plan to purchase homes in the area DeLap and his wife have a son George, now in the Air Force and a daughter, June, who will be a student at Campbell High School The McKenzie's have a 14-year old son, George, who will will attend Los Gatos High School and the Smiths have two daughters, Marcia, who will go to Campbell High School and Nele who will attend they come into the store.

From the structural point of view, everything possible has been used by the builder, Nicholas Colombo, developer of the center, to make the shopping center attractive and convenient for the shopper.

Colombo points out, for example, the two separate double glass doors in the front for entering and leaving the store. This has a special safety feature and will eliminate crowding, the builder says. There is an 18-inch glass panel between the doors. Customers cannot go through the doors together. The glass front is 22-feet in width. The store also has, as additional safety features,

Heart Fund Drive Continues Here

Contributions to the 1955 Heart Fund totaled $13,575,963, of which almost $30,000 was given by the people of Santa Clara County, Mrs. Dan W. Clark, chairman of Campbell's current campaign to raise funds to combat heart disease, reported.

Income from the Heart Fund drive, Mrs. Clark said, is the major support of the scientific research, education and community service programs of the Santa Clara County Heart Association and its parent organization, the American Heart Association. More than 54 per cent of the funds received by the AHA have been budgeted for research including the $6500 this county forwarded to New York .

County quota for the 1956 drive is $39,600 and active campaigning is now under way under Mrs. Clark's direction. She urged everyone to send in contributions immediately to the Santa Clara County Heart Association headquarters, 461 Porter Bldg., San Jose.

WHAT IT TAKES
To Supply Your Home With Water Every Day

The picture shows a part of the meter repair shop at San Jose Water Works with Edward Celaya, at left, and co-workers David Boyarsky and Don Lambert. Celaya is retiring this month after 30 years service.

Loyal and experienced employees are a vital element in the safe, dependable service which San Jose Water Works provides to its customers.

Taken as a group, our field employees average more than 12 years with the company, but some have been with us much longer. Among this veteran group is Edward Celaya who retires on a pension this month after 30 years of service.

Ed moved from Calaveras County to San Jose in 1908 and found a job in the quicksilver mines which were then actively worked in this area.

Some years later he came to San Jose Water Works as a meter mechanic and has seen the valley of orchards and row crops change to the bustling metropolitan area it is today.

Ed is a third generation Californian from a pioneer family in the Mother Lode country. He has a cattle ranch up in the foothills of the Sierras and retirement will mean more time for the ranch, but he'll be still be a loyal San Josean and keep his home here.

To Edward Celaya, his fellow employees at San Jose Water Works say: good luck and a happy retirement.

LEGAL NOTICE

CAMPBELL UNION SCHOOL DISTRICT
Campbell, California

NOTICE TO CONTRACTORS

The Board of Trustees of the Campbell Union School District of Santa Clara County, State of California, invites and will receive sealed proposals up until 7 P. M. February 16, 1956, at the office of the said Board at 111 North Third Street, Campbell, California at which time and place said bids will be opened and read in public, for furnishing all labor and materials for construction of:

> Additions to Monroe Elementary School, consisting of eight (8) classrooms, Shop and Homemaking Rooms and appurtenant facilities at 1055 South Monroe Avenue, San Jose, California.

Work must be done in strict accordance with plans and specifications prepared by and obtainable at the Office of the Architects, Higgins and Root, AIA, 220 Meridian Road at Park Avenue, San Jose 26, California.

A deposit of $25.00 per set will be required of all contractors receiving plans, said deposit to be returned by the Architect when plans and specifications are returned in good condition.

All bids are to be made out on forms furnished by the Architect. No bidder may withdraw his bid for a period of thirty (30) days after the time set for the opening thereof.

The Board of Trustees reserves the right to reject any or all bids and to waive any informality in any bid received.

Cashier's or certified check or bidder's bond in the amount of ten (10%) per cent of the bid shall accompany the proposal, drawn to the order of the Campbell Union School District as a guarantee that the Bidder will, after being notified of the acceptance of his bid, enter into a contract with the Board of Trustees in accordance therewith.

The successful bidder will be required to furnish a bond for faithful performance in the amount of 100% of the contract price, and a bond for material and labor in the amount of 100% of the contract price.

The work to be performed under this contract shall commence at once, and shall be substantially completed by August 31, 1956.

Time shall be the essence of this agreement. The substantial completeness of the work to be performed shall be within the determination of the supervising architect alone, and the parties signatory hereto agree that his determination shall be final.

Should said work not be completed within the time hereinabove stated there will be deducted from the final payment the sum of Twenty-five ($25.00) Dollars per day as liquidated damages, but not as a penalty, for each days delay after expiration of such period until the final physical completion of the work and its delivery to said Owner.

Workmen employed on said work must be paid in accordance with the prevailing scale of wages adopted by the Board of Supervisors of Santa Clara County, June 27, 1955, on file in the office thereof, example as follows:

Carpenters: Journeymen	$2.90
Cement Finishers	2.745
Electrical Workers	3.35
Glaziers	2.55
Painters - 7 Hour day	2.92
Plasterers	3.43
Plumbers	3.425

Ordinary overtime, one and one-half times the above rate; legal holidays, Saturdays and Sundays where crafts work a five-day week and/or where schedule of crafts so provide overtime shall be paid at the rate of double time except for watchmen, guards, and flagmen. Double payment for holidays and overtime shall be in accordance with rates fixed by schedule adopted by the Board of Supervisors of Santa Clara County to which reference is hereby made for any rate of payment not herein specified.

It shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

WHEN ELBOWS ARE RUBBED

The way is almost clear now for Campbell to tave its long-needed city hall. Negotiations are practically complete for the lease-purchase of the Congregational Church building which will be converted into city offices.

We are heartily in accord with the move and are convinced that our young city will benefit from it in the expansion days that lie ahead.

Cramming all the city departments into a building that was originally constructed to house a fire department only is not the best way to keep relations among the departments at the necessary high cooperative level.

Rubbing elbows literally with fellow city employees in jammed quarters is bound to cause a certain amount of strain. Rubbing elbows often means that tempers will also be rubbed . . . the wrong way.

The City Council has long been aware of the situation and has cautioned the various department heads that they "must get along" until the new city hall is ready.

Last week a San Jose daily attempted to blow the petty bickerings that have occurred into a sensational story. But lacking any definite information, the story fell pretty flat especially among those who have recognized that most of the flare-ups stem from the everyday mob scenes.

Many local civic leaders claim that the story in the San Jose paper seems to be part of a campaign on the part of our big neighbor to belittle the efforts of Campbell in every respect. They compare it to the activities of an overgrown bully picking on his smaller playmates or like the proverbial dog in the manger.

We think the story in the San Jose paper was uncalled for and at its best was poor journalism.

However, we think that the city employees should also keep in mind that our "big brother" is anxiously waiting for any chance to pounce. The employees then should govern themselves accordingly.

The city hall won't be ready for some time. Many elbows must of necessity be rubbed before then.

Lets keep the rubbing to ourselves.

CAMPBELL HAS AN IDENTITY

Although it takes more than city limits signs to make a city, well-defined boundaries do much to solidify the residents of an area into working toward community betterment as a common goal.

But, in addition to the boundaries, much more is needed on the part of the people within the lines if a city is to continue to progress and develop.

We have long contended that community pride is all-important, if we are all to benefit.

It is not necessary to wear one's community pride on one's sleeve (but, come to think of it, that's not a bad idea) —but it is still important, in our opinion, to be conscious of it.

Too often the residents of a city do not bother to interest themselves in their own city's welfare unless their own pocketbooks are touched.

We do not mean to imply that one's pocketbook is unimportant.

But there are other matters which affect the city where the bite on one's wallet is not the main objective.

We firmly believe that those who live in a particular city should be proud of their community. They should be pleased, for example, that Campbell has an identity all itself. True, there are some callous souls who will claim that it is nothing but a suburb of San Jose, and will belittle the efforts of those who are working for our own community betterment.

We maintain that just because San Jose officials are doing everything they can to overshadow smaller communities, it does not necessarily follow that those of us who make Campbell our home have to fall for their wiles.

Campbell HAS an identity and should do everything possible to keep it intact.

DRY LAND SHARKS

In this morning's mail we received an advertisement card from a finance company extolling the advantages of debt consolidation by borrowing from them. Just for fun, we stopped for a moment and figured out the interest rate. On a $500 two-year loan, for example, one pays $27.00 for 24 months, totalling $648.00, of which $148.00 in interest, or $74.00 a year. But at the end of the first year, one has already paid back half, or $250.00 of the principal, meaning that the average amount of money in the borrower's possession during the two-year period is $250.00. At an interest rate of $74.00 per year, this figures out to be twenty-nine percent! And we thought usury was outlawed!

SAN TOMAS SUMMARY

The San Tomas Improvement Club will meet at 8 o'clock this evening in the rumpus room of the Fred Smith residence, 521 S. San Tomas Road. All San Tomas residents are urged to become active members, according to Mr. B. Parker, president, and Mrs. H. G. Blohm, secretary.

The first meeting of the club was May 6, 1946. John E. Snyder, who was instrumental in starting the club, still lives here on Pecan Way. The first officers, R. R. Trewin, Sam Robertson and Henry Schulz live in other parts of the valley.

Due largely to the efforts of the club, San Tomas was one of the first areas in the county to have residential and commercial zoning. The club also helped to secure Peerless Bus service and stop signs at the intersections. This fall it has been helping with the lighting district which was just approved by the Board of Supervisors.

Each year it gives a Christmas party for the children of the area, and it has given several memorable Harvest Carnivals.

The H. C. Eppersons celebrated their twenty-fifth wedding anniversary on Monday. The Smith Ave. Sewing Circle sent a shower of greeting cards and the two Epperson daughters, and their husbands, Mr. and Mrs. Philip Cooper and Mr. and Mrs. Jack Keisner, were to take them out to dinner.

—o—

Mrs. C. Lisenby on Elam was hostess at a surprise baby shower which surprised everybody. Mrs. Charlotte Bush, a former resident of San Tomas, now living in Cupertino, phoned Monday at 10 a. m. to ask if she might come over for a visit.

Charlotte's friends, Mesdames N. Hoover, A. Purcell, G. Miller, O. Blohm, J. Greer, and L. Greer, gathered presents, sandwiches, salad and cake and dropped in too, though it took quite a bit of doing to manage it by lunch time.

—o—

Motorists who have trouble finding their way at the corner of Hazel and San Tomas are hereby advised that, as of Monday night the signpost has been turned so that Hazel is labeled "San Tomas" and San Tomas reads "Hazel".

Judge E. S. Owens Heads Catholic Social Service

IN — JUDGE E. J. OWENS—

Superior Court Judge Edwin J. Owens was elected to the presidency of the board of directors of Catholic Social Service of Santa Clara County Tuesday, at the annual dinner meeting of the board at Red Coach Inn, Los Gatos.

Rev. James M. Murray, Director of Catholic Social Service in San Francisco, substituting for Monsignor William J. Flanagan, General Director of Catholic Social Service in the Archdiocese, presented the gavel of office to Judge Owens.

Robert A. Kelly of Los Gatos was elected vice president, and Miss Frances Malovos, a member of the faculty of San Jose High School, was elected to the post of secretary.

Retiring board president, Robert I. Welch, who presided at the meeting, announced that the board of directors had been expanded to 25 members to provide for representation from all parts of the county. Vladimir Fabris will represent Campbell.

Jerry Henley Talks at Rotary Meet

Rotary Club members last Monday heard Jerry Henly give an account of his trip to Europe last summer when he was one of sixteen Explorer Scouts selected from all over the United States for their outstanding work, to take the trip.

Jerry also showed colored slides of interesting places visited in German, France England, Norway and Sweden and described what he considered one of the highlights of tour, which was a pack trip into the back country of Norway. Jerry is the son of William C. Henley, Campbell School District superintendent, and Mrs. Henley.

Don Gray, Santa Clara County Scout executive, spoke briefly on scout activities.

George Miskulin, program chairman, introduced the speakers.

QUITO QUORNER

Florence Greensides is now president of the Quito-Campbell PTA. Roselle Faust resigned as president because of too many conflicting interests and Florence, as vice president, has taken over.

The book collection and sale for the children's library is keeping the members busy. Those wishing to dispose of children's books may leave them at the Quito School, corner of Quito Road and McCoy Ave. Those books not suitable for children will be sold.

—o—

The Howard Bane family is moving from McCoy Ave. to Delmas Ave. in San Jose, six miles closer to his work at the Ford plant in Milpitas. The Bane children, Harold, in the first grade at Bucknall, Sharon, in the third grade at Quito Park, and Howard, in the fifth grade at Moreland, by the move will be able to attend the same school.

—o—

Mary Spiker, chairman of the Quito PTA's Spring Fashion show, wants to remind all mothers who sew to register now with Ann Younis. The garments to be modeled need not be made specially for the show, but may have been made any time since the last one was given.

Mary and Ann would like to have a large and representative collection from the dressmakers of the neighborhood.

—o—

Robert and Ginnie Eitreim of Bucknall Road are leaving for Seattle within the month. Robert will be factory representative for the National Twist Drill Company of Detroit.

—o—

The Fourth Grade Brownie troop of Quito School visited the Langendorf Bakery last Thursday. Mrs. A. Berwick and co-leaders Mrs. P. Caravella and V. Friend arranged the trip.

Mmes. A. Berwick, K. Day, P. Phillips, F. Greensides and R. Warfield drove the girls to the bakery.

Brownies who made the trip were Klie-Ann Baker, Linda Caravella, Leslie Davis, Sandra Day, Jo-Ann Elizondo, Patricia Flaherty, Sandra Friend, Patricia Greensides, Susan Hertzberg, Nancy Hiddelson, Judy Hightower, Shirley Field, Donna McCauley, Linda Mori, Diana Mott, Patricia Niebla, Linda Phillips, Kathryn Rainie Jo-Ann Scriver, Rachel Santos, Diane Thompson and Cathleen Warfield.

—o—

Mary Margaret Pestarino, 20 inches long, weight 9½ pounds, joined the family of Angelo Pestarino Wednesday, February 1, at 6:10 p. m. in the O'Connor Hospital. The Pestarinos live on McCoy Ave. and the father is employed in the District Attorney's office.

—o—

The Quito Kiwanis Club celebrated its first birthday party this Wednesday night at its weekly dinner meeting in the cafetorium of the Quito School. Ollie Upton was president last year, and Frank Lavoi is president for 1956.

Speaker for the evening was Adrian Anderson, who spoke on Saudi Arabia. He is a retired Standard Oil Engineer who lives in Saratoga.

Next Wednesday's meeting will be ladies night, and wives of the members will be guests at a Valentine supper in the Quito cafetorium. The entertainment will feature skits and music contributed by the members.

"Whirlybird" helps string a telephone line. More and more uses are being found for helicopters in the telephone business. Not long ago, one was used to help a telephone crew string over two miles of wire across several steep canyons loaded with brush and poison oak. After poles were put up on the hill tops, the 'copter laid a rope across the poles' cross-arms. Then the wire was fastened to the rope and the crew pulled it into position from pole to pole. In this way, a job that would have taken a week was done in an hour and a half. Corner-cutters like this do a lot, of course, to speed up the expansion of your telephone system. **The men and women of Pacific Telephone work to make your telephone more useful every day.**

P. G. and E. answers your questions about automatic clothes dryers

Q. Do they really dry clothes as well as the sun?

A. Believe it or not, they do a better drying job. Clothes come out as much as 30% fluffier; built-in ozone lamps give them even more fresh-air fragrance than the sun itself. And you can dry the wash in *any* weather—even in a downpour.

Q. Do white clothes STAY white in a dryer?

A. Definitely! Properly rinsed, white clothes come out so snowy-white you can't tell them from laundry that's dried in the sun. No sooty clothes lines to get them dirty, either. And unlike the sun, a dryer never fades colored fabrics.

Q. How much work do they save?

A. A recent survey by a midwestern college shows you can dry the wash almost 50 times as easily with an automatic dryer. Easy to see why: there's no lugging of heavy baskets . . . no pinning-up . . . no taking-in. You merely toss in the wash and flick a switch. Period. Your dryer does all the rest—even shuts itself off when clothes are dry.

Q. How much do they cost to buy?

A. Only a few dollars a week, after a small down payment. Average total price: about $225.

Q. And the cost to run them?

A. Just a few cents a week, thanks to P. G. and E.'s low rates.

Q. How long do they take to dry each load?

A. Average time for complete drying: only 30 minutes. Lighter fabrics such as nylon and silk dry even faster. The time is also shorter if you want your clothes slightly damp for ironing. (Incidentally, dryers and washers both take about the same time—so your dryer's ready to handle a second load as soon as it's washed.)

Q. How big a load will they handle?

A. Most dryers have a capacity of 9 pounds—about the same as automatic washing machines.

Q. What special features do various dryers have?

A. Whenever the door is opened on most makes, an interior light flashes on and a safety switch stops the dryer. Some makes also have a bell which rings when the dryer stops. And some let you dry man-made fibers with the heat shut off.

Q. Any special do's and don'ts for running a dryer?

A. Never overload your dryer. Take care not to *over*dry, or you'll set unnecessary wrinkles and rob clothes of their soft, "natural" feel. Dry starched clothes by themselves. Clean the lint trap after every washday (it's easy—and important). And go over the inside of your dryer with a damp cloth every month or so.

Country Woman's Club Hears Frank Cutting

Frank Cutting, local artist, was guest speaker at the Campbell Country Woman's Club birthday tea and meeting last Friday, when many of Cutting's outstanding works were displayed and he spoke to the group on some of the subjects used in his paintings.

Camden High School students, under the direction of Dick Gordon, music director, presented a number of musical selections. Dianne Fammatre and Bruce Stamps were heard in "Duet" by Mozart and "Air for Two Viols" by Couprin. Joe McLaughlin, in a saxophone solo presented "Serenade" by Romberg and "Malaguena" by Lecuonia. Encore number was "I Speak to the Stars". Joe was accompanied by Jean Adams.

Mrs. H. D. Cramer, past president, assisted by Mrs. Albert Ellis at the tea table. Mrs. B. T. Morgan was chairman in charge of arrangements for the meeting and tea.

Betty Hatlen, Campbell Union High School senior, passed her bronze bar test in free style skating, in the recent proficiency tests given by the Roller Skating Association of America at Rollerlanc in San Jose. Betty became interested in skating two years ago and is already the proud possessor of the bronze bar and bronze medal for both dance skating and figure skating. She is now working on her silver bar dances and hopes to eventually earn her gold medals in all three categories.

Mrs. Arthur Jacobson and Mrs. F. A. Jacobson of 46 East Hamilton Avenue, and Bill, Jr., recently spent an exciting day at Disneyland, seeing all the fabulous sights. They also reported an enjoyable stay at the Disneyland Hotel.

Mr. and Mrs. Charles D. Cutting (the former Joan Velander) and new daughter, Susan Jean, are expected to arrive in Campbell from Santa Monica on Monday when they will visit relatives and friends. Among relatives they plan to visit are Charles' grandparents, Mr. and Mrs. Frank Cutting on Harrison Ave., and his uncle, T. A. Cutting on Steinway, also Joan's father, Elmer Velander on Peggy Lane, and her sister at the same address.

Dr. Dan W. Clark, and wife and baby daughter, Dana Ann, are visiting Dr. Clark's mother, Mrs. Dan W. Clark of 98 North 2nd St. They arrived from New Orleans last Friday, where Dr. Clark was associated with a hospital there as a radiologist.

Linda Ann Stoops celebrated her 11th birthday with a dinner party and games on February 1, when her school chums , Kathy West, Joan Sanfilippo and Carolie Meckler were on hand for the occasion. Linda, who attends Hamilton School, is the daughter of Dr. Glen W. Stoops.

Teachers Sponsor Card Party

"Put the Park in Moorpark" was the theme of the card party and cake sale, sponsored by Moorpark teachers to benefit the school grass fund, which was held at the Moorpark School last Friday evening.

Marc Swengel was chairman in charge of the affair, assisted by Mrs. Christine Holiwell and Mrs. Dorothy Mauseth.

Nearly everyone went home with a prize, donated to the party by Moorpark School parents, and the teachers baked the cakes for the sale.

Mrs. O'Flyng Receives PTA Honorary Award

Mrs. Richard O'Flyng, past president of Campbell Grammar School PTA, and El Paradiso Council, Sixth District PTA, was awarded honorary life membership in the Grammar School PTA, at a mother and daughter tea at the school last Tuesday, which was attended by more than 350 mothers and daughters.

Mrs. Dorothy Royce, Campbell Grammar School principal and chairman of the Life Membership Committee, made the presentation of the award.

Past honorary life members, honored guests at the tea, were introduced and presented with corsages.

Eddie Tonini, music director of the school, accompanied Nancy Arnold and Lucy Lindeke, violinists and Noralyn Marshall, 'cello, in a number of musical selections.

Mrs. Dorothy Royce headed the receiving line of PTA officers, who were: Mrs. Albert Barshaw, first vice president; Mrs. Maxwell Simkin, second vice president; Mrs. Fred Pepper, secretary, and Mrs. Roy Davis, treasurer.

Mrs. Betty Weybrew, homemaking teacher, and her students, were in charge of refreshments. Other members responsible for making arrangements for the af-

School Dance to Aid Youth Center

At the Cambrian Home and School Club meeting on February 1, members voted to hold a dance on March 10 to raise funds for equipping the Cambrian Youth Center.

Mrs. William Knight, Home and School Club president, introduced Frank Canino, choral director, who led the school glee club in several choral numbers, and Anthony Rapisarda, director of instrumental music, who conducted the school band and orchestra in several selections in the musical program which followed the meeting.

During the meeting, it was announced that $917 was collected in the Cambrian and Steindorf districts during the recent Mothers March on polio. Another matter voted on at the meeting was the setting up of a committee of parents, teachers and school administrators to study possible ways that parents of Cambrian School children could work more closely with teachers.

The evening was concluded with refreshments served by first grade mothers, also a Girl Scout bake sale.

CAMPBELLITES ATTEND MEET AT BERKELEY

Mrs. James C. Goble, Amadeus Tarquinio and Robert P. Thompson, Campbell area residents, will attend the Social Action Institute Program at the First Congregational Church in Berkeley on Saturday, which has been planned to assist other churches with organization and function of social action committee work.

Mrs. Goble, who is a member of the Social Action Board, along with Rev. Corwin Olds of the Campbell Congregational Church, will lead a panel discussion on "Legislation and Community Concern for Special Groups of Children". "How Can We Safeguard Educational Rights for Migrant Children?" will be another topic discussed by Mrs. Goble. She is Migrant Worker Chairman for San Jose Area Council of Churches and a member of the State Migrant Committee.

Robert P. Thompson, personnel supervisor at San Jose State College, will speak on "What is the Hope for Our Retarded Children?"

"One Community's Answer to the Mental Hygiene Problem", will be discussed by Amadeus Tarquinio, who is a psychiatric social worker for the San Jose bureau of California State Department of Mental Hygiene.

Cupertino Hosts Pomona Grange

A potluck dinner preceded the second regular meeting of 1956 of Santa Clara County Pomona Grange at Cupertino last Saturday, when Pomona master Emmet W. Ivey presided.

Lecturer Dwight Scheffer presented Don Titson, state horseshoe pitching champion, who presented a film showing some of his championship pitching, and answered questions about the sport.

District Deputy John Gordon obligated six members in the fifth degree.

Master Emmet W. Ivey announced the next meeting will be at Gilroy Grange Hall on March 3, which will follow a dinner at 6:30 p. m., served by the Grange Youth Group.

Church Youth Groups Entertain

Senior Pilgrim Fellowship group at the Campbell Congregational Church hosted Methodist Youth Fellowship members at a square dancing party last Sunday evening, when Cliff Tranberg did the calling.

Gay Williamson, president of the group, was in charge of arrangements for the dance. Del Hollenberg, assistant pastor, was the group's adviser.

Junior Pilgrim Fellowship of the Congregational Church entertained the youth group of the Saratoga Federated Church in an evening of games and refreshments last Sunday evening. The groups met in the Congregational Church. Mr. and Mrs. Ralph Weymouth were advisers for the group.

General Electric Plans New Atomic Power Headquarters For San Jose

The General Electric company recently announced plans to establish headquarters in San Jose for its atomic power equipment department which by the end of 1956 will employ more than 500 persons.

Dwight E. Moorhead, manager of General Electric's motor plant in San Jose, said that the new atomic department, now temporarily located in Schenectady, N. Y., was established in March 1955 as part of the company's broad-scale atomic products division.

The new department, Moorhead said, established temperary headquarters at the motor plant in San Jose last September for its Commonwealth Edison project which is charged with the design and construction of the world's largest all-nuclear power plant—an 180,000 kilowatt electric generating station for the Commonwealth Edison company in Chicago.

Organized in 1955

Willard A. Kitts, acting general manager of the atomic power equipment department, said that the department was organized in 1955 for the purpose of designing developing, manufacturing, and marketing atomic equipment for commercial, peace-time uses. Its products include power reactors, research and test reactors, fuel elements, instrumentation and control systems equipment, and reactor auxiliaries and components.

Plans call for the completion of the transfer of key personnel and facilities for the atomic power equipment department to San Jose by late 1956, Kitts said. The department's total employment, he said, will exceed 500 by the end of this year.

Simultaneously, Moorhead announced that the atomic power equipment department ultimately would utilize the complete motor plant here, as well as other facilities in the area. Present plans, he said call for relocation of the motor operation in two years. The atomic operation has taken an option to lease a two-story plant at 795 Hedding Street, San Jose. This 70,000 square foot plant formerly was occupied by the Chase candy factory.

The future location of the motor facilities is being determined by an intensive study now underway, Moorhead said. Such a study is being directed toward the objective of continued prompt service to western customers for electric motors and uninterrupted service at the time of the transfer of the facilities.

Every attempt will be made to provide employment for present employees, either in the new atomic operation or at the new location of the motor plant, Moorhead pointed out.

More Employees

He said that the atomic power equipment department will have a considerably larger employment than the present motor plant and a much greater diversity of jobs.

The transfer of the atomic headquartrs will consolidate the activities of the atomic power equipment department in the San Jose area. In December, the department announced the optioning of approximately 1,600 acres of land for a multimillion dollar atomic laboratory to be located about 20 miles from San Jose, in the Pleasanton-Livermore area of Alameda county. Exercising of the option and plans for construction depend on favorable action by various local and state regulatory bodies. Plans call for the laboratory to be in operation in 1957.

Dedicated to the promotion of the peaceful uses of atomic energy the proposed atomic laboratory will support the company's commercial facility at San Jose.
